

See the future

Educating Youth in Engineering and Science (EYES)

Cranfield University invites you to the first Cranfield EYES event – inspiring young people to envision the exciting future for design and technology.

Young people, parents, teachers, and those interested in encouraging education in science and technology are welcome to join us for this NEW event on:

Tuesday 18 November 2008

5 pm-8 pm

Vincent Building, Cranfield University, Bedfordshire

Come and meet inventor Trevor Bayliss OBE who'll be giving a lecture called 'Why Invent?', plus share your ideas with Cranfield academics and industry figures.

At the event we'll be launching our Technology Futures Competition. How do you imagine the future of design and technology in ten years time? Visit the website www.futurescompetition.org to enter your ideas and win prizes!

**Refreshments provided. To book your FREE place,
E: s.blenkinsop@cranfield.ac.uk, T: +44 (0)1234 754934**

PLUS forthcoming on 10 March 2009. FREE all-day event as part of National Science and Engineering Week.
For more details contact Sarah Blenkinsop on the above number.
